

Our Specialty

It's a 40-50 minute high energy theatrical presentation. Through games, activities and performance elements, the troupe familiarizes, educates and unveils the mysteries of Shakespeare's plays, his language and his world.

Today's Menu

Appetizer: **Back to E-Time**

We take students on a trip back in time to when Shakespeare was alive - the Elizabethan era - or E-Time.

First Course: **The Who**

We're not talking about the rock band. We're talking about Shakespeare's history, his contemporaries, and for whom they worked.

Second Course: **Thyme or Reason**

Don't think you know anything about Shakespeare? Well, we just bet you've used some of his most popular sayings..

And while we're talking about them, we'll take a slice of iambic pentameter as well.

Third Course: **Monte Carlo**

Always a hit, our "Die of Styles" gives your students a chance to see our versatile troupe perform a Shakespeare scene in a sequence of different genres such as Western, Musical Theater, Sci-Fi or Reality TV.

Fourth Course: **Split Screen Scene**

The troupe performs a short scene from *The Taming of the Shrew* in split screen fashion. One pair does it in Shakespeare and the other pair "translates" the verse into contemporary modern day language.

Fifth Course: **Family Feud**

Just like the game show - contestants are brought on stage to answer questions that test their knowledge of Shakespearean trivia.

Dessert: **Banana Split**

Our fast and furious Grand Finale. The troupe performs *A Midsummer Night's Dream* in a madcap 15 minutes ... or less.
